30800 Palos Verdes Drive East
Rancho Palos Verdes, CA 90275
Phone: 310-377-5501

Dr. Brophy,

On behalf of the Mediterrania HOA, I want to thank you for your recent request to have a representative from our HOA serve on a Neighborhood Advisory Committee. We view this as a positive step towards more closely involving the neighboring homeowners in the college on its plans to complete the approved CUP.

With a slight delay due to the process of contacting the board and my recent vacation, our Mediterrania HOA board selected me, Craig Mueller, to serve as the representative on the Neighborhood Advisory Committee. Fortunately, we were able to meet your deadline and, once I receive the date and time of the first meeting in September, I will add that to my calendar.

I look forward to increased communication between Marymount and its neighbors. Please forward any materials as to the organization and procedures that the Advisory Committee will follow as they become available. I have also advised the board on your offer to meet with the Mediterrania HOA board or possibly even the Association members and will advise you once we have had a chance to discuss this. Thank you again for your persistence in contacting me my mail — I have also included my electronic contact information below for your convenience.

Sincerely,

Craig Mueller, President Mediterrania HOA
